CONFERENCE DESCRIPTION

The 2022 Excellence Through Equity Series will provide specific tools to support systems, structures, and practices that will strengthen our county, districts, and school sites to have shared directions and actions as we move towards equity. When we take bold, deliberate, and courageous moves, the systems will adjust. By being intentional and focused in our team’s work, we will build authentic relationships as educators, that will in turn foster positive relationships with our scholars.

TARGET AUDIENCE

School, district and county level administrators and teacher leaders.
District and school teams are encouraged to attend.
