Artist-In-Residence DIRECTORY

During the past five years, the Arts at RCOE has had the privilege to work with a number of outstanding Artists-In-Residence. We know that school districts are often looking for Artists-In-Residence for their own trainings, professional development workshops, or retreats. To that end, we have compiled a list of artists that we have worked with and wish

to share with you. Please check out our [Artists-In-Residence Directory](#) to find a list of names, art form, description of services, and contact information.

If you are interested in being listed in our directory, please contact Louisa Higgins at lhiggins@rcoe.us.
