

4 Dance Standards

Creating = Conceiving and developing new artistic ideas and work.

Creating—Anchor Standard 1: Generate and Conceptualize Artistic Ideas and Work

- Identify ideas for choreography generated from a variety of stimuli (e.g., music/sound, text, objects, images, notation, observed dance, experiences).
- Develop a movement problem and manipulate the elements of dance as tools to find a solution.

Creating—Anchor Standard 2: Organize and Develop Artistic Ideas and Work

- Manipulate or modify choreographic devices to expand movement possibilities and create a variety of movement patterns and structures. Discuss movement choices.
- Develop a dance study that expresses and communicates a main idea. Discuss the reasons and effectiveness of the movement choices.

Creating—Anchor Standard 3: Refine and Complete Artistic Work

Revise movement based on peer feedback and self-reflection to improve communication of artistic intent in a short dance study. Explain and document choices made in the process.

Presenting/Performing/Producing = Realizing artistic ideas and work through interpretation and presentation.

Presenting—Anchor Standard 4: Select, Analyze, and Interpret Artistic Work for Presentation

- Make static and dynamic shapes with positive and negative space. Perform three-dimensional movement sequences alone and with others, establishing relationships with intentionality and focus.
- Respond in movement to even and uneven rhythm in both metric and kinesthetic phrasings. Recognize and respond to tempo changes as they occur in dance and music.
- Analyze and refine phrases by incorporating a greater range of energy and dynamic changes to heighten the effect of their intent.

Presenting—Anchor Standard 5: Develop and Refine Artistic Techniques and Work for Presentation

- Demonstrate technical dance skills (e.g., alignment, coordination, balance, core support) and movement characteristics when replicating and recalling patterns and sequences of locomotor and nonlocomotor movements.
- Execute techniques that extend movement range, build strength, and develop endurance. Explain the relationship between execution of technique, safe body-use, and healthful nutrition.
- Coordinate phrases and timing with other dancers by cueing off each other and responding to stimuli cues (e.g., music, text, or lighting). Reflect on feedback from others to inform personal dance performance goals.

Presenting—Anchor Standard 6: Convey Meaning Through the Presentation of Artistic Work

- a. Consider how to establish a formal performance space from an informal setting (e.g., gymnasium or grassy area).
- b. Identify, explore, and experiment with a variety of production elements to heighten the artistic intent and audience experience.

Responding = Understanding and evaluating how the arts convey meaning.

Responding—Anchor Standard 7: Perceive and Analyze Artistic Work

- a. Find patterns of movement in dance works that create a style or theme.
- b. Demonstrate and explain how dance styles differ within a genre or within a cultural movement practice.

Responding—Anchor Standard 8: Interpret Intent and Meaning in Artistic Work

Relate movements, ideas, and context to decipher meaning in a dance using basic dance terminology.

Responding—Anchor Standard 9: Apply criteria to evaluate artistic work.

Define and discuss the characteristics that make a dance artistic and apply those characteristics to dances observed or performed in a specific genre, style, or cultural movement practice. Use basic dance terminology.

Connecting= Relating artistic ideas and work with personal meaning and external context.

Connecting—Anchor Standard 10: Synthesize and Relate Knowledge and Personal Experiences to Make Art

- a. Relate the main idea or content in a dance to other experiences. Explain how the main idea of a dance is similar to or different from one's own experiences, relationships, ideas, or perspectives.
- b. Develop and research a question relating to a topic of study in school using multiple sources of references. Select key aspects about the topic and choreograph movements that communicate the information. Discuss what was learned from creating the dance and describe how the topic might be communicated using another form of expression.

Connecting—Anchor Standard 11: Relate Artistic Ideas and Works with Societal, Cultural, and Historical Context to Deepen Understanding

Select and describe movements in a specific genre or style and explain how the movements relate to the culture, society, historical period, or community from which the dance originated.
