## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The Riverside County Office of Education (RCOE) Alternative Education Court School provides a comprehensive instructional program for students in juvenile hall operated by Riverside County Probation. The Court School enrollment is determined by the Riverside County Juvenile Justice system (Courts and Probation). There are currently three Court School sites located at three juvenile hall sites in Riverside County.

The Court school program is WASC accredited and provides state and county board of education approved core academic programs designed to meet the academic requirements for high school graduation or high school equivalency. The instructional program is focused on the California standards along with rigorous and relevant learning activities that include project-based learning, multi-tiered systems of supports (MTSS), high-impact classroom strategies and routines, Positive Behavioral Supports and Intervention (PBIS) with restorative practices, inter-disciplinary thematic lessons, and literacy across the curriculum. Students are enrolled in UC a-g courses and have an option to enroll in a Career Technical Education pathway or dual enrollment classes. Students are supported by systems to assess college/career/workforce readiness skills and have opportunities to complete the High School Equivalency Test (GED and HiSET).

The Court School staff members focus on RCOE's Mission, Vision, and Pledge:

**Mission:** The mission of RCOE is to ensure the success of all students through extraordinary service, support, and partnerships.

**Vision:** RCOE will be a collaborative organization characterized by the highest quality employees providing leadership, programs, and services to school districts, schools and students countywide.

**Pledge:** Every student in Riverside County will graduate from high school academically and socially prepared for college, the workforce, and civic responsibility.

The Court School engages students in learning activities in order to meet the following Schoolwide Learner Outcomes (SLOs):

Riverside County Court School Students will be:

## 2021-22 School Overview

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

The RCOE Alternative Education Department expects students in the Juvenile Court Schools program to attend to and fulfill their educational requirements while incarcerated in one of the four juvenile detention centers located in Riverside County. Juvenile Court personnel monitor visitations at the three sites. Visitors are asked to check-in and sign a log stating their presence and their reason for visiting. Limits and controls regarding authorized or unauthorized access to the juvenile detention centers during the school day are clearly posted.

Classrooms for students enrolled in the Juvenile Court Schools program are housed within the juvenile detention centers to facilitate easy access to learning. The educational programs and personnel provide all other services within the juvenile detention centers. Each center location has facility accommodations for both students and staff.

The court school classrooms under this County-District-School (CDS) code are located in three (3) institutions and are operated by Riverside County Probation. Probation provides both custodial and maintenance services for the classrooms. Annual school inspections are completed by probation and RCOE also conducts independent inspections annually. As indicated in the annual school inspections, the classrooms throughout the court school locations are in good condition.

The following facilities are included in the CDS code assigned to the juvenile court programs:

Alan M. Crogan Youth Treatment and Education Center, Riverside  
Lawrence F. Smith Juvenile Hall, Indio  
Southwest Detention Center, Murrieta

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
<b>Mathematics</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Career Technical Education Programs

The RCOE Alternative Education program continues to expand CTE course offerings based on student interest and current job market trends. The 17-18 school year was the year in which Riverside County Juvenile Court transitioned from a marketing pathway to a new computer science offering for the 18-19 school year. In 2019, Riverside County Juvenile Court became part of a dual-enrollment opportunity with the University of California, Riverside offering a professional IT certification pathway. During the 2020-2021 school year, Riverside County Juvenile Court expanded upon the dual-enrollment to include a History sequence of courses.

## 2020-21 Career Technical Education (CTE) Participation

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parent involvement is critical to the success of students and highly encouraged by RCOE staff. Parents have the opportunity to become involved through the following options:

- Enrollment
- Parent/teacher conferences (formal and informal)
- Individualized Education Program (IEP) process
- School Site Council
- English Learner Advisory Council
- District English Learner Advisory Council
- Local Control Accountability Plan Stakeholder Engagement Meetings

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The RCOE School Safety Plan is updated annually by March of each school year by RCOE staff and probation officials. During the 2021 - 2022 school year, the plan was reviewed by administrators, school staff, and probation representatives in December 2021. The School Safety Plan is discussed regularly at leadership, staff, and management team meetings.

The Safety Plan includes information intended to identify elements and resources important in improving school safety and preventing campus violence throughout the county and is categorized into assessment data, funding sources, discipline policies and practices, professional development, counseling and guidance, collaboration, programs and strategies, and campus security. Relevant data is reviewed to identify school safety issues (e.g., California Healthy Kids Survey, school crime data, suspensions and expulsions, counseling referrals, law enforcement reports, etc.).

### Positive Learning Environment & Discipline:

Counseling, guidance, psychological services, and social services are available to all students. Mental health, probation and law enforcement agencies are actively involved in the activities that contribute to improving the safety of the school environment at RCOE. Prevention/intervention programs are used to create a safe drug-free learning environment. Some of the issues addressed through these programs that impact students are:

- Gang Risk Intervention
- Conflict Management
- Classroom Management
- Hate Violence-Motivated Behavior
- Harassment
- Child Abuse Reporting
- Commercial Sexual Exploitation of Children

Existing school discipline rules and procedures are reviewed at the beginning of each school year to ensure they address

## 2021-22 School Safety Plan

student behavior problems and school safety issues. The rules and the procedures are given to all students and parents upon enrollment explaining codes of conduct, unacceptable behavior, and disciplinary consequences. The dress code states that students should be dressed appropriately for normal school activities; students' attire should reflect pride and respect. Health and safety are guidelines to acceptable school attire.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. ## Professional Development

Staff training and development is conducted throughout the school year in the form of training sessions for all site and management staff. At the beginning of each school year, an annual kick-off event is held for all staff, which includes an overview of programs and services, and presentations on current education topics, such as special education, increasing student achievement, and other topics to help improve student performance.

During the 2021 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process. Great emphasis was placed on transitioning back to in-person instruction and supporting student re-engagement and individualized instruction. Grading procedures and protocols were reviewed.

During the 2020 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process.

During the 2019-20 school year, all teachers attended the Summer institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Areas of focus in ongoing professional development include IEP writing development, Multi-tiered systems of support (MTSS), positive behavior reinforcement and standards, and student data analysis.

During the 2017-18 school year, all teachers attended the Summer institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Teachers are also provided training on implementing project-based learning in the ELA/ELD and history-social science integrated units of study and the math and science integrated units of study, service learning projects and experiential learning activities. In addition, teachers received training on implementation of the Next Generation Science Standards (NGSS). The management leadership team is provided ongoing professional development monthly and quarterly through leadership team meetings.

During the 2016-17 school year, all teachers attended the Summer Institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday for a total of 34 sessions for the school year. Teachers also participated in Increased Learning Time (ILT) for two hours twice each month. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Teachers received training from the Administrator II of Alternative Education/Special Education and the Teachers on Assignment (TOAs) provided services all year. Paraprofessionals received training during the PLCs and accessed an online training series through the Master Teacher program. Teachers are provided ongoing support through teacher-principal meetings, coaching and mentoring, peer collaboration, and review student performance data on a regular basis in order to determine effectiveness of services. Teachers are also provided opportunities to attend trainings related to AVID, CTE, project-based learning, and other education related activities in order to increase their skills.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
