

FOUNDATION FACTS

The Riverside County Office of Education Foundation (RCOEF) was founded in 2013 by concerned and dedicated community leaders, education professionals, and RCOE staff. There was an acute awareness that Riverside County students were in need of additional opportunities to help them graduate from high school and pursue their college education and career goals. The primary need was financial assistance to offset the challenges of economically disadvantaged households. Thus, the **Student Scholarship Program** was conceived and implemented to address this challenge. To date, the Foundation has awarded over \$600,000 in scholarship funds and continues to increase that number each year. We are proud that the Riverside County students we have helped with scholarship assistance are attending or have attended schools of higher education such as, UCLA, UC Berkeley, UC San Diego, UC Davis, Cal State Long Beach, Cal State Northridge, Riverside City College, Moreno Valley College, and Mt. San Jacinto College to name a few.

We are continually looking for ways to increase our fundraising efforts to support our scholarship program and other RCOE student advancement programs. If you have any ideas or thoughts on how we can raise additional funds, would like to make a personal gift, or know of a funding opportunity that we should be pursuing, please contact Ed Lewis, RCOE Foundation Director, and he would be delighted to meet with you to discuss any opportunities that would further our fundraising goals. He can be reached at (951) 826-6345 or by email at elewis@rcoe.us.
