Subject: 2016-17 ADOPTED BUDGET and LCAP – APPROVAL

The County Superintendent of Schools is required to review and approve the district's Local Control and Accountability Plan or the annual update to an existing Local Control and Accountability Plan prior to the approval of the district's Adopted Budget [Education Code Section 42127(d)(2)].

### **Adopted Local Control and Accountability Plan**

In accordance with California Education Code (EC) Section 52070, our office has completed its review of the district's 2016-17 Local Control and Accountability Plan (LCAP) to determine whether it adheres to the guidelines adopted by the State Board of Education (SBE).

The district's adopted LCAP has been analyzed to determine whether:

- The plan adheres to the template adopted by the State Board of Education;
- The budget includes sufficient expenditures to implement the actions and strategies included in the plan, based on the projected costs included in the plan; and
- The plan adheres to the expenditure requirements for funds apportioned on the basis of the number and concentration of unduplicated pupils.

The district's adopted LCAP has been analyzed in the context of the guidance provided by the California County Superintendents Educational Services Association (CCSESA) and the California Department of Education (CDE). Based on our analysis, the district's Local Control and Accountability Plan for the 2016-17 fiscal year has been approved by the Riverside County Superintendent of Schools. Our goal is to further enhance the performance of students by offering commendations and suggestions for the implementation of the plan and the development of the *Annual Update* and the 2017-18 LCAP.

### **2016-17 Plan Development**

The district is to be commended for including an expanded *Annual Update* appendix that thoroughly supports district decisions, initiatives, goals, actions, and services and paints a picture of the district's vision and how each priority area is intentionally addressed through this cohesive plan. The inclusion of the research base adds strength to decision rationale. Rather than a mere listing of the above, the chart weaves multiple research findings with district experiences and effectively connects them to decisions and actions.

## **Student Achievement**

Closing the achievement gap and ensuring all students are prepared for college and career is a priority under the Local Control Funding Formula (LCFF). As noted in the table below, significant gaps are evident between subgroups and between all students in comparison to statewide performance.

Metric	State Average	White	African American	Hispanic	English Learner	Low Income	Students w/ Disabilities						
% of Jurupa USD		9.9	1.9	85.3	36.3	77.2	10.0						
% UC A-G Enrollment		88.7	86.8	92.1	86.9	93.6	59.1						
% UC A-G Completion	48.6	35.5	27.3	32.9	5.7	33.4	2.9						
% EAP – ELA / Math	23.0 / 11.0	20.1 / 5.1	7.4 / 0.0	9.0 / 2.1	0.0 / 0.0	8.1 / 2.0	1.5 / 1.5						
% CAASPP – ELA / Math	44.1 / 33.8	42.1 / 31.3	28.6 / 18.1	26.2 / 17.9	8.3 / 7.2	25.0 / 17.0	3.3 / 2.9						
% Suspension	3.80	3.39	5.10	2.78	2.96	3.09	6.90						

Now that baseline scores have been identified on the California Assessment of Student Performance and Progress (CAASPP), consider setting differentiated improvement targets for those significant subgroups that are performing below the state average, the district average, and/or below the highest performing subgroup. We encourage you to consider setting aspirational and challenging EAMO targets for all outcomes and for all subgroups. This would be supported by differentiating actions to accelerate underperforming subgroups based on data and priorities.

Many efforts are in place to support increased graduation rates, however, there is a marked difference between groups. Consider expanding efforts to include all subgroups as determined by data.

Noted in the table below is the Title III Annual Measurable Achievement Objectives (AMAO) data.

Title III Annual Measurable Achievement Objectives (AMAO) Trends											
	AMAO 1			AMAO 2a (Less Than 5 Years Cohort)			AMAO 2b (5 Years or More Cohort)				
	JUSD	Target	Met?	JUSD	Target	Met?	JUSD	Target	Met?		
2015-2016	60.7%	62.0%	No	24.1%	25.5%	No	55.6%	52.8%	Yes		
2014-2015	60.2%	60.5%	No	24.0%	24.2%	No	55.3%	50.9%	Yes		
2013-2014	59.5%	59%	Yes	23.2%	22.8%	Yes	54.8%	49%	Yes		
2012-2013	58.5%	57.5%	Yes	22.6%	21.4%	Yes	53.4%	47%	Yes		

2016-17 Adopted Budget and LCAP - Approval Jurupa Unified School District September 14, 2016 Page 3

Jurupa has a population that consists of 36.3 percent English Learners. Although the 2016-17 Title III accountability data will be published after the 2016-17 LCAP is developed and approved, it is recommended that the district review data for 2015-16 performance and identify formative measures of English Learner progress and intervene immediately if actions are not producing expected results. We continue to recommend strengthening the plan by identifying additional specific, research-based actions targeted to accelerate growth for students as reflected by these data.

### **Monitoring Progress**

In order to be responsive to those actions that are working or not working, we continue to recommend utilizing a process that continually assesses the progress of each planned action and its effectiveness in reaching the *Expected Annual Measurable Outcomes* specified in your plan. Identifying leading indicators for progress on goals that can be shared with stakeholders on a regular basis will increase the community commitment to the plan. This will also allow you to clearly articulate, in the *Annual Update* section of the plan, whether the planned actions/services were effective. The statements of effectiveness must go beyond the mere indication of whether the action was completed or not and should clearly articulate the effect the action had on achieving the desired outcomes for all students or identified student subgroups for the specified goals.

# **Additional Metrics to Consider**

The purpose of the LCAP is to ensure that all students graduate from high school with the skills to be successful in both college and career. This work cannot wait until high school, nor can it be successful without more specific focus by grade level and by subgroup.

A focus group was convened by the Riverside County Office of Education in 2014-15 to review research on K-12 college readiness indicators and identify those that would align with the LCAP and have greatest impact. As a result of the focus group research, we recommend that LEAs consider additional college readiness indicators for various grades including but not limited to:

- Score of Level 3 or Level 4, "Standard Met" or "Standard Exceeded," as indicated on the Smarter Balanced Summative Assessment in Reading and Mathematics at grades 3, 5, 8, and 11 by subgroup. (State Priority 4)
- Chronic absentee rates by grade level and subgroup at the following grades Kindergarten, 1, 2; last grade of elementary (5 or 6); first grade of middle school (6 or 7); first grade of high school (9 or 10). (State Priority 5)
- Percent of students earning passing grades C or better in English and Mathematics at the exit grades from elementary (5 or 6) and middle school (8 or 9) by subgroup and gender. (State Priority 8)
- Suspension and expulsion rates by subgroup and gender for "disproportionality." (State Priority 6)
- Percent of students failing two or more classes at grade 9 by subgroup and gender. (State Priority 8)

## **Describing Use of Supplemental and Concentration Grant Funds and Proportionality**

The purpose of the LCAP *Section 3* is to ensure that all unduplicated and underperforming students receive increased or improved services in proportion to the increased funding received to serve those identified students in order for them to graduate from high school with the skills to be successful in both college and career.

2016-17 Adopted Budget and LCAP - Approval Jurupa Unified School District September 14, 2016 Page 4

In Section 3A, the justification for using funds districtwide and/or schoolwide should include a description of why this use of funds is most effective and why it is more effective than using the funds to target the students by subgroup in order to meet the district goals. Having a high population of unduplicated students is not in and of itself a justification for districtwide and/or schoolwide use. In addition, when funding is allocated to schools for schoolwide use, a description of how the district will ensure that the schools are implementing actions and that those actions are effective in meeting the district's goals in the eight state priority areas is necessary.

In *Section 3B*, the district is asked to describe how services for the unduplicated students have increased or improved as compared to services provided to all students in proportion to the increase in funding received to serve those students. This is a cumulative process of increasing services until the district is fully funded.

Jurupa provided a comprehensive response in *Section 3B*. We recommend in *Section 3B* that the district broadly describe the services identified in the LCAP from the previous year(s), and then describe those services being added in the current LCAP year, which is 2016-17. This demonstrates that the district is maintaining and building its support for unduplicated students proportionally each year and increases the transparency of the plan for the stakeholders. This will be important as, by 2020-21, this section will need to demonstrate that the district has increased or improved services to reflect 100 percent of its supplemental and concentration funds at full implementation.

### **Adopted Budget**

In accordance with California Education Code (EC) Section 42127, our office has completed its review of the district's 2016-17 Adopted Budget to determine whether it complies with the criteria and standards adopted by the State Board of Education (SBE) and whether it allows the district to meet its financial obligations for the 2016-17 fiscal year, as well as satisfy its multi-year financial commitments.

The district's Adopted Budget has been analyzed in the context of guidance provided by our office, based on the Governor's 2016-17 May Budget Revision. Based on our analysis of the information submitted, we approve the district's budget.

The following pages provide further details on the district's 2016-17 Adopted Budget. In addition to this analysis, current law as enacted through AB 2756 (Chapter 52, Statutes of 2004) also requires the County Superintendent to review and consider any studies, reports, evaluations, or audits that may contain evidence a district is showing fiscal distress. Our office did not receive any such reports for the district.

LCFF Gap Funding – For purposes of determining the potential gap funding increase, the district has estimated 54.84 percent for the 2016-17 fiscal year, 73.96 percent for 2017-18, and 41.22 percent for 2018-19. The district has <u>assigned</u> funds each year in the unrestricted ending General Fund balance that will cover a portion of the projected gap funding increase should it not materialize.

*Unduplicated Pupil Percentage* – The district reports an unduplicated pupil percentage of 79.98 percent for 2016-17, 80.00 percent for 2017-18, and 79.86 percent for 2018-19. The district's unduplicated pupil percentage included in the 2015-16 P2 certification by the California Department of Education is 80.32 percent.

Employee Negotiations – As of the board date, June 16, 2016, the district reports salary and benefit negotiations are complete with both the certificated and classified bargaining units for the 2016-17 fiscal year. The certificated agreement increased the district's salary schedule by a total of 3.0 percent, effective July 1, 2016. The agreement also provides for a \$200 health and welfare benefit cap increase (from \$9,300 to \$9,500) beginning July 1, 2016. In addition, language also included changes in stipends

2016-17 Adopted Budget and LCAP - Approval Jurupa Unified School District September 14, 2016 Page 5

effective July 1, 2016. The classified agreement increased the district's classified salary schedule by 3.0 percent, effective July 1, 2016. In addition, as a result of a salary comparison, the pay range for 14 job classifications will be adjusted to higher ranges. The agreement also provided for a \$200 health and welfare benefit cap increase (from \$9,300 to \$9,500) beginning July 1, 2016. Language is also included for an additional longevity increment of \$1,800 after seventeen (17) years of full time regular service.

The district's adopted budget was developed prior to adoption of the 2016-17 Adopted State Budget. Actual state budget data should be reviewed and incorporated into the district operating budget and multi-year projections during the First Interim Reporting process.

During our review of the district's Local Control and Accountability Plan, we noted the following:

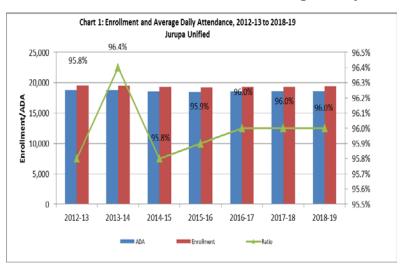

- Each action in the *Annual Update* section requires an estimated actual annual expenditure amount. We recommended that an amount be added to each action, even if zero. The district implemented our recommendation.
- The budgeted expenditures for each action/service for each school year requires the district to reference all funding sources for each proposed expenditure which must be classified using the California School Accounting Manual (CSAM) as required by Education Code sections 52061, 52067, and 47606.5. We recommended a funding source be added for each action. The district implemented our recommendation.
- Supplemental and Concentration (S&C) grant funding is included in the Local Control Funding
  Formula to increase and/or improve services to targeted student populations. If S&C grant funds,
  used to serve the targeted pupil population, have been underinvested each fiscal year, it may be
  difficult for the district to demonstrate the minimum proportionality percentage at full
  implementation.

Our office commends the district for its efforts thus far to preserve its fiscal solvency and maintain a quality education program for its students. If we can be of further assistance, please do not hesitate to contact our office.

# 2016-17 Adopted Budget Report

Jurupa Unified School District

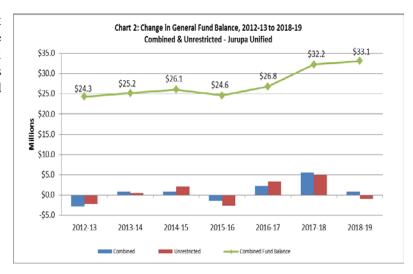

# **Enrollment and Average Daily Attendance (ADA)**

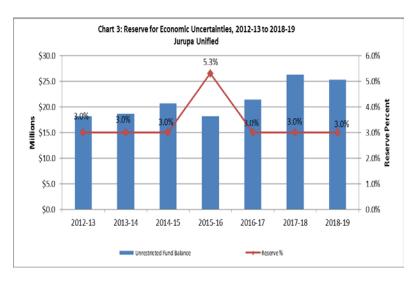

The district's projected ADA to enrollment ratio (capture rate) for 2016-17 is 96.0 percent, which is within the historical average ratio for the three prior fiscal years. The district estimates 18,585 ADA for the current fiscal year, or a 0.52 percent increase from the 2015-16 P-2 ADA due to housing developments. For 2017-18 and 2018-19, the district projects a 0.16 and 0.23 percent increase in each year, respectively.

The district's Adopted Budget indicates a positive ending balance for all funds in the 2016-17 fiscal year. Chart 2 shows the district's deficit spending historical trends and projections.

## **Fund Balance**

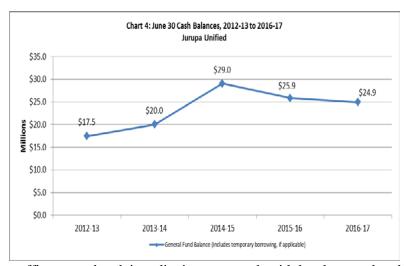

### **Reserve for Economic Uncertainties**

The minimum state-required reserve for a district of Jurupa Unified's size is 3.0 percent. Chart 3 displays a summary of the district's actual and projected unrestricted General Fund balance and reserves. The district projects to meet the minimum reserve requirement in the current and subsequent fiscal years.

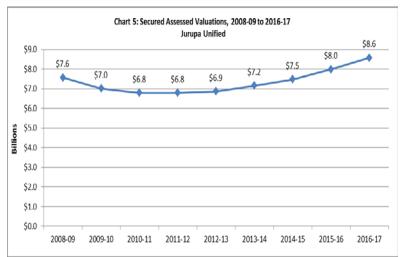

# **Cash Management**

Chart 4 provides a historical summary of the district's June 30<sup>th</sup> General Fund cash balance. Based on the budget's cash flow analysis, the district projects a positive General Fund cash balance of \$24.9 million as of June 30, 2017. This balance does not include any temporary borrowings, and the district's internal cash resources appear sufficient to address cash flow needs in the current year. Our office recommends the district continue to closely monitor cash in funds to ensure sufficient

resources are available. In addition, our office strongly advises districts to consult with legal counsel and independent auditors prior to using *Cafeteria Special Revenue Fund (Fund 13) and Building Fund (Fund 21)* for temporary interfund borrowing purposes to remedy cash shortfalls.

# **Assessed Valuations**

The Riverside County Assessor's Office has estimated secured assessed valuations will increase by 5.08 percent countywide in 2016-17. Chart 5 displays a historical summary of the district's secured property tax assessed valuations.
