LEA: Nuview Union School District **Contact (Name, Title, Email, Phone Number):** David Pyle, Superintendent, dpyle@nuview.k12.ca.us, (951) 928-0066 **LCAP Year:** 2015-16

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA’s goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

the finalized Local Control Accountability Plan. Although our agreed upon goals didn't change, how we set out to accomplish those goals, not only in Year 1, but also in years 2 and 3, was adjusted based on stakeholder feedback.

- The Nuview Union School District has an 80.93% unduplicated count of high needs students, including low income, English Learners and Foster Youth. The input from the stakeholder groups was instrumental in the development of the Local Control Accountability Plan. Each group provided valuable voices regarding the needs and services for each of the subpopulations across the district.
- Analysis of the District and school data and input from stakeholders guided development of goals and actions related to the needs of Nuview's students and families with a particular focus on students from low income, English Learner, and Redesignated Fluent English Proficient subgroups. Due to the high concentration of high need students, LCAP goals, actions and services were developed and implemented on a district wide basis.
- Stakeholder concerns that are new to the plan, but within existing identified goals include school wide communication and intercom systems, maintenance of the TOSA positions, expansions of the elementary school counselor positions, expansion of STEM opportunities into elementary school and elementary summer school.

The Assistant Superintendent provided NDTA reps from each site with 1/2 subs to meet. Changes were provided to the board and made a part of the public document.

The District English Learner Advisory Committee met with the Coordinator of Special Programs to discuss the district's LCAP goals on April 27, 2015. All parents were invited to the three school meetings each site held in March. The Parent Advisory Committee met on three different occasions (March 12 and 25, and June 1) to provide feedback on the LCAP and review the document. They reviewed a draft of the annual update on June 1, 2015.

Annual Update:

The site principals built their SPSAs based on the district's LCAP goals and school site needs. During the 2014-2015 school year site principals monitored their SPSAs through the School Site Council to ensure the action steps were being completed to meet the site's and district's goals. Site level LCAP goals and metrics were reviewed at this time.

Each school site held an LCAP meeting that focused on the Annual Update on March 5, 2015

District office personnel reviewed the annual update. The Cabinet meets every Tuesday. The first meeting of every month included LCAP updates from each department.

Annual Update:

Results of stakeholder meetings indicated that the five LCAP goals were still central to student success. Actions or services that had been completed were highlighted and removed from the 2015-16 goals. Ongoing actions were funded through 2015-16, with few deviations.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

Identified Need :	<p>In order for students to be prepared academically, be engaged, and connected to school they need access to a safe, supportive and nurturing environment.</p> <p>Students need to be in class to access the curriculum and be provided with quality instruction. Reduce suspensions by employing positive behavior interventions.</p> <ul style="list-style-type: none"> • Any and all forms of bullying are unacceptable at any of our school sites • Schools within the Nuview Union School District are located on busy streets with a great deal of pedestrian traffic • Students in our elementary schools currently do not have regular access to a counselor when needs are determined by site intervention teams • Kindergarten students in the “E” Pod do not have access to an interior restroom in equivalence to the other students in the kindergarten classrooms at Valley View Elementary • Classrooms at each of our school sites lack the ability to lock/secure their classrooms from the inside potentially creating an unsafe lockdown scenario • Kindergarten play equipment at both of our elementary sites are outdated and in need of replacement to meet specific safety requirements • Bell systems and communication intercom systems are aging and need repair or replacement • The Comprehensive Safe School plan does not have a district-wide peer mediation or conflict resolution component • The ASES grant will no longer be enough to fund our after school program at the current capacity • Schools need a way to identify school visitors for safe ingress and egress from school sites. • Students who are chronically absent achieve at a lower rate than their peers.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	The impact of district-wide professional development in our Student Information System, SyncEd Solutions, Direct Interactive Instruction, Guided Language Acquisition and Design, Crisis Prevention Institute, and Positive Behavior Intervention and Supports have given the teaching and classified school staffs a focus on state priorities in pupil achievement, pupil engagement and school climate. Through the review process it was decided to continue to provide additional professional development in these areas so more teachers and staff can participate, as well as provide opportunity for newly hired staff. In addition, the district will expand professional development to include the adopted K-8 writing program, Step Up to Writing. Based on stakeholders comments regarding this goal it was determined to continue to provide funding for the four Teachers on Special Assignment who are working closely with under-performing students through a variety of interventions at each site. While maintaining the integrity of the stakeholders' input as well as the planned action/service items, in 2015-2016 the goal was rewritten.

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>NUSD will expand counseling services K-8 from the .6 FTE offered at the end of 2013-14 to 2.0 FTE in the 2015-16 school year based on the stakeholder feedback. In addition, we will investigate the need for elementary assistant principal(s). Based on the student needs and usage the MSMS media tech hours will be expanded from 3.75 to 7 hours in the 2015-16 school year. The additional health tech hours will be maintained as a result of reviewing the 2014-15 annual progress. Based on this goal both elementary schools will be replacing elementary playgrounds in the 2015-16 school year. While maintaining the integrity of the stakeholders' input as well as the planned action/service items, in 2015-2016 the goal was rewritten.</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>Money has been set aside in the 2015-16 and 2017-18 school years to continue reducing class sizes in K-3 grade classrooms. While materials were provided to bridge from the previous standards to CCCSS at each grade level we will need to continue to fund additional consumable materials until we complete the pilot year of our math adoption in 2015-2016. While maintaining the integrity of the stakeholders' input as well as the planned action/service items, in 2015-2016 the goal was rewritten.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	Based on the review of this goal we are making adequate yearly progress on our much needed rebuilding of our infrastructure and wireless projects, and anticipated completion will occur in school year 2015-16 . This will enable us to support our growth in the number of student wireless devices planned for in school years 2015-16, 2016-17, and 2017-18 in order to increase student achievement. Stakeholders felt the additional support to assist teachers in implementing CCSS would be best met by the addition of a teacher on special assignment that was dedicated to support teachers with district adopted programs. This is funded in the next three years.			

	<p>The computers on wheels (COWs) were deployed to the sites, and plans have been changed to provide these devices until we reach a level of 1:1 in grades 4-8, with COWs available for the other grade levels.</p> <p>While maintaining the integrity of the stakeholders' input as well as the planned action/service items, in 2015-2016 the goal was rewritten.</p>

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$2,355,767</u>
<p>For the LCAP year 2014-15, the LEA projects an allocation for supplemental/concentration funds at \$1,426,493, and in 2015-16 \$2,355,767. This would indicate a need to increase services provided to Low Income, English Learners, Foster Youth and pupils Re-designated as Fluent English Proficient (RFEP), by 22.08% The LEA’s district-wide average of 80.93% unduplicated population allows the district to designate most of the activities as district-wide efforts. Professional development will be provided for certificated staff for common core implementation specifically including instructional strategies of English Learners, Foster Youth, Low Income and RFEP students. The expansion of elementary counseling services will support student achievement and provide a coordinator for district wide foster youth supports. School site Teachers on Special Assignment will provide targeted interventions to underachieving students, as well as support Tier One school wide strategies. Although not a complete list of programs/services to be implemented in the first LCAP year, these programs, in addition to the base action/services, will support NUSD in meeting each of the eight state priorities.</p>	

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

22.0 8	%
<p>The increased/improved services described in section C for the Low Income, English Learners and Foster Youth students in our LEA are calculated to meet the Supplemental and Concentration Grant Funding allotment of \$2,355,767 in Year 1 and will continue to meet the projected increase in Supplemental/Concentration funds of \$2,714,442 in Year 2, and \$2,270,694 in Year 3. These increases reflect a minimum Proportionality Percentage of 22.08% in year one, 24.67% in year two, and 18.89% in year three. These percentage amounts will be dedicated to increase/improve services to unduplicated students over services provided for all students in the LCAP year. In the 2014-15 year grant funding was used to meet our goals of professional development for all in the areas of Common Core unit building, Direct Interactive Instruction for student achievement and engagement, GLAD strategies to meet the needs of our English Language Learners, and Positive Behavior Interventions and Supports. The addition of</p>	

an elementary counseling position supported student well-being, and ensured that one person was monitoring our foster youth consistently. Home to School Transportation was also increased.

The increased funding will provide for expanding the elementary counseling program from 1.0 FTE to 1.4 FTE, adding an additional bus route to increase student safety and improve attendance. Maintaining the TOSA position at each site was critical to all stakeholders in order to provide early intervention in the elementary schools, as well as Tier 2 and 3 intervention at the middle school. NUSD will continue its focus on Professional development to increase the number of staff who are providing high quality instruction and lessons through Common Core unit building, Direct Interactive Instruction, GLAD, and Positive Behavior Interventions and Supports. Students will have more access to wireless devices in the 2015-16 school year and the grant funding will allow NUSD to place a teacher on special assignment in order to work with teachers on using the devices to help the students increase achievement and meet the CCCSS.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
