

Executive Summary School Accountability Report Card, 2010–11

For Riverside County Special Education

Address:	PO Box 868, Riverside, CA, 92501-0868	Phone:	(951) 826-6476
Principal:	Ann Vessey, Executive Director, Special Education	Grade Span:	K-12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. Most data presented in this report are reported for the 2010–11 school year. School finances and school completion data are reported for the 2009–10 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2011–12 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

The Riverside County Office of Education (RCOE) Program staff, under the guidance and leadership of the RCOE Executive Director of Special Education, is committed to providing the best educational program possible for students. The staff is dedicated to ensuring that the Special Education Program, in compliance with specific Special Education Program state and federal statutes (IDEA), provides a comprehensive, continuous, and community-linked, school-based program for district referred students.

Special education programs provide direct services to students who are mentally and physically challenged in 23 school districts within Riverside County. Available for students ranging in age from birth through 22 years, is a continuum of geographically regionalized programs and services. Disabling conditions served encompass the low-incidence disabilities including deaf and hard-of-hearing, visually impaired, and orthopedically disabled; developmentally delayed; emotional disturbance; multiple disabilities; intellectually disabled; and autism.

Mission Statement:

The mission of the RCOE Special Education Program is to assist students in achieving to their maximum potential.

Vision:

RCOE Special Education Unit is dedicated to assisting and supporting students to maximize academic, social/emotional, and vocational skills in a safe environment, which encourages students to become responsible, contributing members of their community.

School Facilities

Summary of Most Recent Site Inspection

The Special Education classes operated by the Riverside County Office of Education (RCOE) under this CDS code are located on school district sites throughout the county; while the programs & personnel are managed and maintained by RCOE. During the 2009-2010 school year the county office reviewed local school districts under the *Williams* lawsuit mandate. The general findings noted that the campuses are in good condition and any needed repairs/modifications were completed.

All visitors to each school site are required to enter the school through the main office where they are asked to check-in and sign a log stating their presence and their reason for visiting. There are postings about the exterior grounds clearly depicting the limits and controls regarding unauthorized access to school grounds during the school day.

RCOE staff and students have access to all the facilities available at the site where the classroom is located.

All RCOE school sites are clean, safe, and functional. Custodial services are provided through a variety of means. Some are contracted through private vendors, some through the district or probation department with whom we partner, and some are directly provided by RCOE staff. Repairs and maintenance services are completed in a timely manner at all locations. All sites are kept in good repair and working order. Repair work orders are given the highest priority.

School Accountability Report Card

Reported Using Data from the 2010–11 School Year

Published During 2011–12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

III. School Climate

School Safety Plan (School Year 2010–11)

The RCOE school safety plan has been established and is updated annually for the county as required by California Education Code Section 35294. RCOE adopts its comprehensive school safety plan by March 1st of each school year. RCOE reports on the status of its school safety plan, including a description of its key elements.

The key elements, reviews, and updates are discussed with school faculty at the beginning of each school year and again prior to any new adoptions. The RCOE faculty and students are also included in each school sites individual school safety plan where the classes are located. The school site administrator reviews this plan with the RCOE administrator annually.

Suspensions	133	75	50	133	75	50
Expulsions	0	0	0	0	0	0

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011–12)

RCOE special education classes are located throughout Riverside county on public school sites. Several of these sites were built in collaboration with RCOE where county building funds were utilized to build a portion of the school to be used by county classes. In school sites where county owned classrooms do not exist, the county rents the space per the Riverside County SELPA agreement. All of our schools sites are clean, safe and functional.

Custodial services are provided through a variety of means. Some are contracted through private vendors, some through the district or probation department with whom we partner and some are directly provided by RCOE staff. Repairs and maintenance services are completed in a timely manner at all locations. All sites are kept in good repair and working order. Service as repair work orders is given the highest priority.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2010–11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test and comparisons of a school's test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	13.00%	4.30%	0.00%

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	C	C	C
Similar Schools	C	C	C

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2008–09	Actual API Change 2009–10	Actual API Change 2010–11
All Students at the School	45	-4	25

Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group – 2011 Growth API

Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Students with Disabilities	480	785	42	413	521,815	595

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010–11)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	No
Met Percent Proficient - English-Language Arts	Yes	No
Met Percent Proficient - Mathematics	No	No
Met API Criteria	Yes	No
Met Graduation Rate	N/A	Yes

Federal Intervention Program (School Year 2011–12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Indicator	School	District
Program Improvement Status		In PI
First Year of Program Improvement		2009-2010
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement		4
Percent of Schools Currently in Program Improvement		80.0%

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the *UC Admissions Information* Web page at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

Dropout Rate and Graduation Rate

Graduation Rate				80.50	79.97	82.13	80.21	78.59	80.44

Note: The National Center for Education Statistics graduation rate as reported in AYP is provided in this table.

Completion of High School Graduation Requirements

This table displays, by student group, the percent of students who began the 2010–11 school year in grade twelve and were a part of the school's most recent graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The 2010/2011 school year began with an all staff training day which included a review of the 2009/2010 accomplishments and goal set forth for the coming year. Throughout the year follow up training in all of the goal areas was provided through zone meetings as well as individual principal trainings.

Each Wednesday staff was given a minimum a day. These Wednesdays provided staff training time which included Professional Learning Communities (PLC) one Wednesday a month. RCOE was the recipient of the National Professional Development Center's grant for staff development for teachers working with individual with autism. Trainings on evidence based practices were held throughout the county and a model middle school class was established. This training and classroom is not only a support to RCOE teachers, but a support for teachers throughout the state.
