Introduction

The English Language Proficiency Assessments for California (ELPAC) is the required state test for English language proficiency (ELP) that must be given to students whose primary language is a language other than English. State and federal law require that local educational agencies administer a state test of ELP to eligible students in kindergarten through grade twelve. The California Department of Education (CDE) transitioned from the California English Language Development Test (CELDT) to the ELPAC as the state ELP assessment in 2018. The ELPAC consists of two separate ELP assessments: one for the initial identification of students as English learners (ELs), and a second for the annual summative assessment to measure a student's progress in learning English and to identify the student's level of ELP.

The ELPAC is aligned with the 2012 California English Language Development (ELD) Standards. The table below shows how the four ELPAC levels relate to the three proficiency levels described in the ELD Standards.

ELPAC Levels	Level 1	Level 2	Lev	rel 3	Level 4
ELD Standards Proficiency Levels	Emerging—Requires substantial linguistic support.	Expanding—Reamoderate lingu support.	•		ging—Requires ght linguistic support.

Figure 1: ELPAC Levels Aligned to ELD Standards

The State Board of Education (SBE) has approved the use of ELPAC Overall Performance Level (PL) 4 as the statewide standardized ELP criterion for reclassification. Therefore, LEAs shall use Overall PL 4 to determine whether a student has met the ELP assessment criterion. No additional sub scores or criteria should be added to the Overall PL 4 determination. All other reclassification criteria remain locally determined. Additional information for English learner reclassification can be found at https://www.cde.ca.gov/sp/el/rd/.

Additional information about ELPAC results can be located at:

- California Department of Education Website: https://www.cde.ca.gov/ta/tg/ep/
- ELPAC Website: https://www.elpac.org/
- Summative ELPAC Fact Sheet: https://www.cde.ca.gov/ta/tg/ca/documents/sumelpacfactsheet.pdf
- 2022-23 ELPAC Information Guide (DOCX)

Alternate ELPAC

The development of the Alternate ELPAC began in 2019, with a statewide operational field test from November 2021 through February 2022. The purpose of the Alternate ELPAC is twofold: the Initial Alternate ELPAC will provide information to determine a student's initial classification as an English learner (EL) or as initial fluent English proficient (IFEP) and the Summative Alternate ELPAC will provide information on student annual progress toward ELP and support decisions for students to be redesignated fluent English proficient (RFEP).

The Alternate ELPAC is aligned to the English Language Development Connectors (DOCX) and are linked to the 2012 California English Language Development Standards.

The Alternate ELPAC has replaced all locally determined alternate assessments and provides a consistent, standardized measurement of ELP across the state for students with the most significant cognitive disabilities.

The SBE has approved the use of Alternate ELPAC Overall Performance Level (PL) 3 as the statewide standardized ELP criterion for reclassification for students with significant cognitive disabilities that take the Alternate ELPAC. Therefore, LEAs shall use Overall PL 3 to determine whether a student has met the ELP assessment criterion. All other reclassification criteria remain locally determined. Additional information for English learner reclassification can be found at https://www.cde.ca.gov/sp/el/rd/.

Riverside County 2023 Summative ELPAC and Summative Alternate ELPAC Overall and Subtest Performance Comparison by Grade Level and Achievement Level

Summative ELPAC Reporting Level Descriptors

Level	Description
4	Students at this level have well developed English skills. They can usually use English to learn new things in school and to interact in social situations. They may occasionally need help using English.
3	Students at this level have moderately developed English skills. They can sometimes use English to learn new things in school and to interact in social situations. They may need help using English to communicate on less-familiar school topics and in less-familiar social situations.
2	Students at this level have somewhat developed English skills. They usually need help using English to learn new things at school and to interact in social situations. They can often use English for simple communication.
1	Students at this level are at a beginning stage of developing English skills. They usually need substantial help using English to learn new things at school and to interact in social situations. They may know some English words and phrases.

Results in this report are displayed based on overall student scores on the ELPAC Summative Assessment. In addition, results are displayed based on ELPAC subtests: Oral Language and Written Language. The oral language subtests are inclusive of listening and speaking portions of the ELPAC assessment while the written language includes both reading and writing.

Summative Alternate ELPAC Reporting Level Descriptors

Level	Description
3	 Fluent English Proficient—LEVEL 3 (660–699) Students at this level have sufficient English skills to communicate and learn in school. They may need occasional help with English in order to learn grade-level information that has been modified for students with the most significant cognitive disabilities.
2	 Intermediate English Learner—LEVEL 2 (644–659) Students at this level can sometimes use English to communicate and learn in school. They may need frequent help with English in order to learn grade-level information that has been modified for students with the most significant cognitive disabilities.
1	 Novice English Learner—LEVEL 1 (601–643) Students at this level are beginning to develop the English skills they need to communicate and learn in school. They may need substantial help with English in order to learn grade-level information that has been modified for students with the most significant cognitive disabilities.

Subtest scores are not provided for the Summative Alternate ELPAC.

List of Districts in Riverside County 2023 Summative ELPAC and Summative Alternate ELPAC Overall Comparison

There is great variance in the size and demographics of the school districts within Riverside County. The largest district, Corona-Norco Unified School district served almost 51,000 students in the 2022-23 school year. The smallest district, Desert Center Unified, had an enrollment of 26 students in the 2022-23 school year (Source: CDE Dataquest).

Reviewing assessment results for schools and districts within Riverside County allows districts to determine how they perform in comparison to other districts on Summative ELPAC and Summative Alternate ELPAC statewide assessments. This report also permits school and district leaders to determine how their district is faring in comparison to similar districts if demographics are taken into consideration.
