Report*

2022-2023

Pledge, Mission, Vision, and Core Values

PLEDGE

Every student in Riverside County will graduate from high school academically and socially prepared for college, the workforce, and civic responsibility.

MISSION

The mission of the Riverside County Office of Education is to ensure the success of all students through extraordinary service, support, and partnerships.

VISION

The vision of the Riverside County Office of Education is to be a collaborative organization characterized by the highest quality employees providing leadership, programs, and services to school districts, schools, and students countywide.

CORE VALUES

- **Building Relationships That Promote Trust**
- **Engaging in Open and Honest Communication**
- **Focusing on the Needs of Students and Children**

The Riverside County Office of Education (RCOE) provides specific educational, financial, legislative, and leadership services and support to all K-12 school districts in Riverside County. As an organization, it is comprised of the elected Riverside County Superintendent of Schools and the array of individuals employed by the County Superintendent to help fulfill their statutory duties and responsibilities. A seven member elected County Board of Education is affiliated with the RCOE.

The RCOE Division of Early Learning Services provides direct oversight of Federally funded programs including Head Start, Early Head Start and Early Head Start - Child Care Partnerships. These programs serve income-eligible families as well as families experiencing homelessness and children in foster care. By focusing on high quality school readiness programming and evidenced-based curricula as well as comprehensive health services, family support services and healthy meals, Head Start remains ever committed to early childhood education and empowering families on their path to self-sufficiency and life-long success.

The Riverside County Office of Education (RCOE) has been the sole Head Start Grantee for Riverside County since 1975 and was awarded the Early Head Start grant in 1998. In 2015, RCOE received the Early Head Start Child Care Partnership Grant (EHS-CCP), further expanding its Early Head Start programming.

The program operated a variety of program options designed to meet community needs by offering a comprehensive array of program options including home-based programming as well as part-day and full-day center options.

Comprehensive Services

Curriculum

Head Start is committed to preparing all students for school and continued future success. With a focus on five essential domains: (1) approaches to learning, (2) social emotional development, (3) language and literacy, (4) cognitive, (5) perceptual motor and physical development, the program works hard to ensure strong school readiness skills for every student. The curricula are aligned with the *California Preschool Learning Foundations* alongside a variety of evidenced-based curricula, including *High Scope* in centered-based Head Start and Early Head Start classrooms and *Parents as Teachers* in the home-based program. In all program options, instruction is intentional and individualized to meet each child's unique needs with students vibrantly engaged throughout their school day.

Parent, Family, and Community Engagement

Head Start actively promotes parent, family, and community engagement strategies designed to equip parents and guardians with the knowledge and skills necessary to ensure the best possible outcomes for themselves and their family. Deploying a multi-pronged approach, parents and guardians participate in a variety of child development learning opportunities, parenting classes, goal setting activities and serve in critical program leadership roles just to name a few.

Following is a small sample of the activities parents and guardians participated in:

- Adult Education Opportunities
- Child Abuse Prevention
- Child Development
- Emotional Wellness
- Employment Skills
- Goal Setting
- Health and Nutrition
- Lead Poisoning Prevention
- Literacy Workshops
- Parent Committee Meetings
- Parent Education Rights & Responsibility
- Pedestrian Safety
- Positive Discipline
- School Readiness
- Stress/Time Management
- Support for Children with Disabilities
- Financial Literacy

Following is a small sample of formal and informal community partnerships:

Assessments

RCOE, in partnership with its eleven Delegate Agencies, is committed to preparing students for kindergarten and beyond. By promoting school readiness with a focus on enhancing student cognitive, social and emotional development, the program is able to utilize

assessment data to determine School Readiness Goals progress and, in turn, strategically prioritize teacher training, professional development, and coaching that focuses on intentional strategies.

The program utilizes the Classroom Assessment Scoring System (CLASS®) observation instrument that assesses the quality of teacher-child interactions in center-based preschool classrooms. CLASS® includes three domains or categories of teacher-child interactions that support children's learning and development: (1) Emotional Support, (2) Classroom Organization, and (3) Instructional Support. Within each domain are dimensions that capture more specific details about teachers' interactions with children.

Financials

The RCOE Fiscal Services Unit supports both RCOE and delegate agency programs with guidance and monthly financial reporting to Policy Council members and governing bodies, in addition to meeting regularly with the RCOE management team. The effectiveness of the Fiscal Services Unit is reflected in the positive results of annual, independent RCOE audits, as well as three consecutively successful federal fiscal reviews.
