# ***DIRECTORY INFORMATION***

## **Historical Note**

The first Riverside County Public Schools Directory was published in 1901 by the Riverside County Superintendent of Schools. It consisted of a two-page listing of 69 teachers in 69 schools. In the spring of 2020, the last edition of the Riverside County Public Schools Directory was published with listings for over 500 schools serving 422,332 students in grades K-12. There are now more than 18,000 teachers and 17,000 non-teaching school employees serving students, families, and the communities of Riverside County. In today's age of technology, one may visit the website of each corresponding school district to locate a school employee in positions listed publicly. Please go to the Riverside County School Districts page of the Riverside County Office of Education Directory to find each school district's website.

The Riverside County Office of Education Staff Directory can be found online at [rcoe.us](http://rcoe.us).

## **Corrections**

Should you notice an error in the directory or have any changes to the current listings, please notify Erica Aguiar in the Office of the Riverside County Superintendent of Schools at (951) 826-6221 or by email to [eaguiar@rcoe.us](mailto:eaguiar@rcoe.us).
