

COMMUNITY RELATIONS

SUBJECT: School-Community Associations

The County Board of Education and County Superintendent of Schools view school-community groups such as Parent Advisory Councils and Parent-Teacher Associations as integral parts of the school community which can aid substantially in promoting a better educational program.

Among the many contributions which such groups can provide, the County Board of Education and County Superintendent of Schools especially support assistance which these groups can give in developing and maintaining a voluntary aid program in our schools.

The County Board of Education and County Superintendent of Schools encourage active support of and cooperation with school-community groups by teachers and other employee organizations.
